What strengths do you think you would bring to our organization?

Please describe any previous animal experience that you have had:

What has been your favorite past job, and what did you like about it?

What didn't you like about your previous jobs?

During the busy season, absent staff can lead to poor animal care if we do not have enough people to keep up with busy feeding schedules. At Greenwood we understand that everyone has occasional emergencies and illnesses, but it is critical for us to have reliable staff who can commit to all of their shifts. Do you think our policies in this area will be a problem for you? Also, do you have any plans for trips/vacations that we should know about? (Planned vacations will not necessarily affect candidate selection – we just like to know in advance.)
