

SPONSORSHIP OPPORTUNITIES

**BIRDIES & BOGEYS
CHARITY GOLF
TOURNAMENT 2024**

Monday, June 24th

Lake Valley Golf Club

What better way to raise awareness and funds for orphaned and injured wildlife than having a bit of fun in the outdoors? Greenwood's first annual charity golf tournament will be hosted on a course known for its abundant wildlife and picturesque backdrop. Play for donated prizes, including a foursome championship winner, a raffle, and several contests. Funds raised will help Greenwood care for the thousands of orphaned, injured, and sick wild animals that come through our doors each year.

As a sponsor, you will have visible representation of your brand or business with exposure to golfers before and during the golf tournament.

About Greenwood

Greenwood was founded over 40 years ago as a private 501(c)(3) organization. We are not a government agency, nor do we receive funding from national organizations. We offer compassionate and expert treatment of orphaned, injured, and sick mammals, songbirds, and waterfowl/shorebirds. As the largest rehabilitation center of our kind in Colorado, we provide essential services that depend on the generosity of businesses and private supporters.

We care for many species of Colorado wildlife, from as large as a coyote to as small as a hummingbird. In 2023, over 4,000 wild animals came through our doors, of which 72% were orphaned.

We also provide valuable learning experiences for children and adults through our education and outreach programs, advising the public on humane solutions to human-wildlife interactions. Last year, we presented to more than 7,500 community members.
