

Thank You For Helping Us Raise \$20,000 To Renovate Our Fox Enclosure

We're grateful for a last minute contribution of nearly
\$7,800.

We could not have done it without all of your donations!

We're Excited For Our Foxes

With your support, we've raised enough money to upgrade our outdoor fox enclosure to meet current standards for caging. This will allow us to treat foxes until they are close to release instead of transferring them early on.

New improvements will include:

- Raising the height of the enclosure
- A new metal roof for longevity
- A skylight to let in more natural light
- Ramps, platforms, and ledges for foxes to climb on

The Corvidae family includes birds such as crows, magpies, jays and more. Did you know that corvids can become easily habituated to humans, especially if they associate them as a source of food? [Watch this video](#) to see some of the techniques we use to prevent habituation with a group of orphaned magpies (hint - it involves a "disguise").

Thank you for caring about your local wildlife!

Greenwood's mission is to rehabilitate sick, injured, and orphaned wildlife for release into appropriate habitats. We also strive to educate the public regarding humane solutions to human/wildlife conflict.

In 2018, Greenwood cared for over 3,600 wild birds and mammals.
