A Valentine's Day Release

Duck tales...

An energetic Mallard was brought to the center on January 19th with lesions to its skull. A little girl and her mother discovered the duck in downtown Estes Park. After almost a full month of rehabilitation, the rescuer that saved him stopped by our center. The Animal Care Liaisons updated her on his successful

DID YOU KNOW?

Facts about the Ring-necked Duck

The name of this iridescent headed bird can be deceiving. The Ring-necked Duck often doesn't have ring that is noticeable to the average wildlife viewer. On males,

rehabilitation. The Mallard that was given love by a Colorado youngster spread his feathers and flew free again a few days later, on Valentine's Day.
