

September 2019

There Are SO Many Reasons
to Attend Wild Night! [Register
Today!](#) Don't Miss Your
Chance.

This year Greenwood has treated a Red Crossbill, a rock squirrel, several Bullock's Orioles, a Red-winged Blackbird, a few Western Meadowlarks, an American Mink, and many more species. These are just a few of the numerous reasons to attend Wild Night for Wildlife.

With nearly \$50,000 in sponsors, every dollar spent at the event will go directly to support the animals in our care! Last year, Wild Night cleared close to \$121,000.

Wild Night takes place on Friday, September 20 from 5:15 - 9:15 PM at the UCAR Event Center (3080 Center Green Dr., Boulder).

There are only 20 seats left, don't miss your chance to attend.

Our Mission

Greenwood's mission is to rehabilitate orphaned, sick and injured wildlife for release into their appropriate habitat. We also strive to educate the public regarding humane solutions to human/wildlife interactions.

Facility Updates Featured in Daily Camera

Greenwood was recently on the front page of the Daily Camera and Longmont Times Call! The article talked about our new crow aviary and renovations to the fox enclosure. Your attendance and support at Wild Night will help pay for the animals that are housed in these enclosures.
