**Is there a special reason why your group is requesting a program from Greenwood (such as for a merit badge, teaching unit, etc.)?**

**What do you hope your group gets out of the program?**

**Are you interested in activity options, or would you prefer simply an interactive presentation?**

**Artifacts**

The animals admitted to Greenwood are patients and must remain wild to be released. It is for this reason that we cannot bring live animals to the presentation. Greenwood has a federal license to keep animal artifacts for educational display. Although artifacts can be fascinating, younger audiences might not feel comfortable handling or seeing animal parts. We ask that the group leader decide what is appropriate for their program.

- Would you like us to bring artifacts that are shed and can grow back on animals (such as quills, feathers, etc.)? **YES or NO**
- Would you like us to bring preserved body parts (feet, wings, tail mounts, etc.)? **YES or NO**
- Would you like us to bring artificial/replica body parts (skulls, faux fur, etc.)? **YES or NO**

**Location**

Please note: Greenwood does not currently have a facility for on-site education. We can visit groups anywhere in several counties (ex.: Boulder, Larimer, and Denver).

Will we have access to: (mark boxes with an X to indicate yes)
